Change password Edit
It's a good idea to use a strong password that you're not using elsewhere

Save your login info Edit
On • It will only be saved on the browsers and devices you choose

Two-Factor Authentication

Use two-factor authentication Edit
We'll ask for a code if we notice an attempted login from an unrecognized device or browser.

Authorized Logins View
Review a list of devices where you won't have to use a login code

App passwords Add
Use special passwords to log into your apps instead of using your Facebook password or login codes.

Setting Up Extra Security

Picture Private WWW.MBSMGROUP.TN

If we notice an attempted login from a device or browser we don't recognize, we'll ask for your password and a verification code.

Select a Security Method

Authentication App

Recommended · Use an app like Google Authenticator or Duo Mobile to generate verification codes for more protection.

[Use Authentication App](#)

Text Message (SMS)

Use text message (SMS) to receive verification codes. For your protection, phone numbers used for two-factor authentication can't be used to reset your password when two-factor is on.

[Use Text Message \(SMS\)](#)

Use special passwords to log into your apps instead of using your Facebook password or login codes.

Setting Up Extra Security

Get alerts about unrecognized logins
We'll let you know if anyone logs in from a device or browser you don't usually use

Edit

Choose 3 to 5 friends to contact if you get locked out
Your trusted contacts can send a code and URL from Facebook to help you log back in

Edit

Advanced

Encrypted notification emails
Add extra security to notification emails from Facebook (only you can decrypt these emails)

Edit

Recover external accounts
Recover access to other sites with your Facebook account
